

## NEW! IACP OFFERED AS AN SEI IN THE APRIL 30 2016 AFOCD & AFECD

The new AF Officer Classification Directory (AFOCD) and the Air Force Enlisted Classification Directory (AFECD) now contain Special Experience Indicators (SEI) for International Affairs Certification Level/Tier-1-3 for Officers and Enlisted personnel holding IA certification. The Officer Experience Sets are 27-29 and the Enlisted SEIs 222-224.

**AIR FORCE INSTRUCTION 36-2101, 25 JUNE 2013, Incorporating Change 1, 18 NOVEMBER 2013** says that “SEIs are established to identify special experience and training not otherwise identified within MilPDS. SEIs complement the assignment process, but are not substitutes for AFSCs, CEM codes, prefixes, suffixes, SDIs, RIs, or professional specialty course codes. They are established when identifying training, skills or experience as critical to the assignment match, or force management needs and no other identification is appropriate or available. SEIs can be used to rapidly identify an already experienced resource to meet unique circumstances, contingency requirements or management needs. They provide a means to track individuals and identify positions requiring or providing unique experience or training that would otherwise be lost.”

In terms of getting the International Affairs Certification on records, both Officers and Enlisted use an AF IMT 2096 to award the SEI. Military Personnel Sections (MPS) perform the update in MilPDS and send the completed 2096 to the Air Force Personnel Center (AFPC) Automated Records Management System shop for scanning into the individual military members' records as in the below graphic:
