# General

This guidebook outlines the policies and procedures for liaison between accredited foreign Defense Attachés and the Department of Defense. It is published to assist Defense Attachés in their duties.

The Defense Foreign Liaison Division (PO-FL) of the Defense Intelligence Agency (DIA) is the official point of contact between the Defense Attachés and the Department of Defense. As a Defense Attaché, you will be certified to conduct much of your business with the Department of Defense through DIA/PO-FL. PO-FL is located in Room 1E811, the Pentagon. Office hours are 0800-1630 daily, except Saturday, Sunday, and United States national holidays. The officers of DIA/PO-FL are available to assist Attachés whenever advice or assistance is required.

**Direct contact by telephone, letter, or visit to Department of Defense agencies or offices is not authorized unless the foreign representative making the contact has received permission through an approved visit request.**

## **Recognized Attaché—Designations Precedence of Military Diplomatic Titles:**

1. **Defense Attaché** — A military attaché, regardless of service, certified through the Defense Intelligence Agency to the Department of Defense, with controlled access to OSD, OSD field activities, JCS, U&S commands, and Defense agencies. A Defense Attaché may also carry any titles defined in 2 through 6. (Normally, the Senior Military Attaché accredited to the Department of Defense is designated the Defense Attaché.)
2. **Military Attaché** — When capitalized and used as a title, a Military Attaché is a military attaché certified to the United States Army.
3. **Naval Attaché** — A military attaché certified to the United States Navy.
4. **Air Attaché** — A military attaché certified to the United States Air Force.
5. **Defense Cooperation Attaché** — A military attaché, regardless of service, representing his or her country under a bilateral memorandum of understanding (MOU) with the United States in defense acquisition matters, and certified to the Department of Defense through the Defense Intelligence Agency. A Defense Cooperation Attaché may also carry any of the preceding titles.
6. **Assistant Attaché** — May be defined as to Service or purpose, such as Assistant Army, Navy, Air Force Attaché or Assistant Defense Attaché. The Assistant Attaché serves as assistant to a principal attaché as defined in 2 through 6 above.
7. **Military Attaché** — Any military officer who is a member of the diplomatic staff of a mission.
8. A military attaché who operates strictly within a given specialty may be certified as a liaison officer to appropriate Department of Defense agencies, but will not automatically be recognized as having status under any of the definitions in paragraphs 2 through 7 above.

## Certification Policies and Procedures

The Defense Intelligence Agency, Defense Foreign Liaison Division (PO-FL) should be notified in writing as early as possible of the arrival of any member of the diplomatic staff applying for accreditation to the Department of Defense as: Defense Attaché, Assistant Defense Attaché, Defense Cooperation Attaché and Assistant Defense Cooperation Attaché, or Civilian Defense Cooperation Representative. The same procedure applies for the anticipated departure of any Attaché listed in the categories above. Notification should be made at least 30 days in advance and should include the following information:

- Name, rank, and assignment
- Date of departure and/or arrival
- Effective date of new attaché appointment
- Biographical sketch of the new attaché, if available

Prior to the approval of accreditation, the new attaché must submit to the Defense Foreign Liaison Division *DD Form 1396-1, Biographic Data*. A copy is enclosed that may be reproduced for your use. Passport size photos of the new Defense, Assistant Defense, Defense Cooperation, Assistant Defense Cooperation Attachés, Civilian Defense Cooperation Representatives and their spouses must be forwarded to the Defense Foreign Liaison Division along with the biographic data form.

The Department of State must be notified in writing of an attaché appointment. Upon arrival of the Defense Attaché-designate in the United States, the Embassy must immediately inform the Department of State of the appointment via *Department of State Form DS 2003, Notification of Appointment of Foreign Diplomatic Officer*. When the Department of State receives concurrence from the Department of Defense (Defense Foreign Liaison Division), and the exchange of notes between the Embassy and the Department of State has been completed, the new Defense Attaché becomes the “appointed” Defense Attaché.

Defense Attachés will be scheduled for a welcome call with the Chief, Defense Foreign Liaison Division. A formal accreditation ceremony for Defense Attachés/Defense Cooperation Attachés will be hosted by the Director, Defense Intelligence Agency in conjunction with scheduled Policy Luncheons. Assistant Defense Attachés/Assistant Defense Cooperation Attachés will be scheduled for an accreditation presentation hosted by the Chief, Defense Foreign Liaison Division. ***Official presentation to the Defense Intelligence Agency cannot occur until the Department of State has received and accepted this notification.*** The accreditation certificates presented at the accreditation ceremonies will reflect the effective date indicated on the Form DS-2003.

If an Attaché changes status (for instance, an Air Attaché becomes the Defense Attaché or the Assistant Defense Attaché assumes duties as the Defense Attaché), *Department of State Form DS-2006, Notification of Change*, must be submitted to the State Department. The Defense Foreign Liaison Division must be notified immediately and provided a copy of the Form DS-2006. Official presentation of accreditation will be scheduled by the Defense Foreign Liaison Division.

Whereas accreditations are scheduled with the Director, Defense Intelligence Agency, farewell calls are usually scheduled with the Chief of Staff. Embassies should notify the Defense Foreign Liaison Division to schedule a farewell call as soon as a firm departure date is established.

The size of the diplomatically accredited staff of the Defense Attaché Office should be sufficient to conduct business with the Department of Defense, but no more than four officers. The standard will consist of a Defense Attaché and three Assistant Defense Attachés, if each assistant represents a different military service. Exceptions to this criteria must be submitted in writing to the Chief, Defense Foreign Liaison Division for

review and approval. For reference, a civilian embassy official may not hold the titles Defense Attaché, Assistant Defense Attaché, Defense Cooperation Attaché, or Assistant Defense Cooperation Attaché. By State Department regulation, it is incompatible for military diplomats accredited to the Department of Defense to hold other embassy positions or business titles. Defense and Assistant Defense Attachés may be

head of a delegation or a delegate member to an international organization, but may not hold any official office or title when primary duties are as the Defense Attaché, Assistant Defense Attaché, Defense Cooperation Attaché or Assistant Defense Cooperation Attaché. Diplomatic accreditation will not be granted to any foreign military student attending university or other international programs.

# General Attaché Requirements

---

## Absences From Washington

This notification should reach the Defense Foreign Liaison Division no later than 2 working days before the anticipated date of departure and must include: date of departure, mode of travel, itinerary, purpose of travel, and date of return. If the travel is by the primary Attaché, the written notification must also include the name of the officer designated to act for the primary Attaché in his absence. In unusual circumstances, travel notification may be made by telephone, but must be followed by written notification.

---

## Uniform Requirements

---

All foreign military personnel must wear military uniforms whenever they are visiting the Pentagon or any other DoD installation.

---

## Processing Invitations

---

To ensure efficiency of distribution, the Defense Foreign Liaison Division is the established channel through which to route social invitations from foreign embassies to personnel within the Offices of the Secretary of Defense, the Joint Staff, and the Defense Intelligence Agency.

Normally, the invitations should be delivered to the courier facility three to four weeks prior to the event. The Defense Foreign Liaison Division provides a 24-hour turnaround to designated offices upon receipt for delivery. When the embassy identifies special circumstances such as short notice events, our staff will work to ensure expeditious delivery to the individuals concerned. This time line allows for a timely RSVP to your important event.

Invitations for personnel working directly for the Army, Navy, Air Force and Marine Corps should be delivered to the DoD Courier Facility. The courier facility personnel will ensure timely delivery of invitations to the respective Service Foreign Liaison Office for processing.

**SPECIAL NOTE:** Invitations should include individual's name, rank, complete mailing address to include room number and organization; i.e., OSD, JCS or DIA. Defense Foreign Liaison Information Management (703) 614-3254 maintains the current "A" List. The following is an example of a properly addressed invitation:

## Precedence Rules

---

The precedence of Defense Attachés is determined by their respective grades (in terms of United States equivalent ranks) and, in each grade, by the date of certification. Report any changes in rank immediately to the Defense Foreign Liaison Division. Defense Attachés take precedence over Acting Defense Attachés; Defense Attachés and Acting Defense Attachés take precedence over Assistant Defense Attachés. Assistant Defense

Attachés take precedence among themselves in the same manner as Defense Attachés.

---

## The Dean of the Defense Attaché Corps

---

The above precedence rules notwithstanding, one Defense Attaché will be confirmed by the Department of Defense as Dean of the Attaché Corps. This officer shall also Chair the Defense Attaché Association.

The Chief, Defense Foreign Liaison, in conjunction with the Defense Attaché Association Committee, shall nominate individuals for the position of Dean. Nominees must be of general/flag rank and an accredited Defense Attaché. The Defense Attaché Association shall review the nominees and select, through whatever procedure it deems appropriate, the Dean (Designate). The Dean (Designate) shall be formally confirmed as the Dean of the Defense Attaché Corps when the Vice Chairman of the Joint Chiefs of Staff presents him/her with a certificate.

The Dean shall normally serve for a 2 year period. The Dean's tour length may be extended for an additional 2 years with the concurrence of the Dean, The Defense Attaché Association and the Department of Defense.

# Attaché Privileges

---

## Uniformed Services Identification and Privilege Card

---

Certain privileges and services may be available to foreign military representatives and their legal dependents who reside in the U.S. in a status officially recognized by the Department of Defense or the Uniformed Services. The Uniformed Services Identification Card (ID Card), DD Form 1172, is required to obtain these privileges and services. Eligibility requirements are determined upon analysis of reciprocal privileges offered in the applicant's home country and the following:

- Foreign military personnel who are in a diplomatic billet and named on the current Diplomatic List or named on the current list of Employees of Diplomatic Missions published by the Department of State, or foreign military personnel serving in the U.S. under the sponsorship or invitation of the DoD or Uniformed Services are eligible for ID cards.
- Spouse and dependent children residing with eligible foreign military personnel in the U.S. Dependent children must be at least 10 years of age to be issued ID cards. Privileges will be furnished to the children of eligible sponsors under 10 years of age based upon a statement of relationship made by an eligible adult member of the family. ID cards are only issued to unmarried children over 21 years of age who are (1) incapable of self-support because of a mental or physical incapacity, or (2) have not passed the 23rd birthday and are enrolled in a full time course of study in a U.S. educational institution above high school level (certification from a university or college must accompany the application). In both instances, the children must be dependent upon the sponsor for over one-half of

their support. Certification of a child's status must be reflected in item 60 of the ID Card application.

- Father, mother, father-in-law, mother-in-law, stepparent, and parent by adoption who are dependent on the sponsor for over half of their support and reside in the U.S. with the sponsor are entitled to possession of an ID card with commissary, theater, and exchange benefits.
- In accordance with the NATO Status of Forces Agreement, active duty officers and enlisted personnel of NATO countries who are stationed in the U.S. in connection with their official duties and not in a diplomatic billet as defined above, but have NATO travel orders are eligible to possess an ID card with medical and dental benefits authorized in uniformed services facilities.

ID cards are not authorized for civilian employees or retired military personnel on an embassy staff. DIA and the military service foreign liaison offices cannot authorize issuance of ID cards to foreign personnel stationed outside the Washington area.

Attachés certified by one of the military services (Army, Navy, Air Force) should obtain ID cards through the appropriate service. Defense Attachés not certified to one of the services obtain ID cards through DIA Defense Foreign Liaison. Obtain the necessary application forms from the appropriate foreign liaison office.

The expiration date on an ID card normally will be the military sponsor's anticipated date of departure from the US. If it is necessary to obtain a new ID card, a new application must be submitted. Application for renewal should be made at least three weeks before the expiration date of the old ID card.

Applications should either be mailed or delivered to the appropriate foreign liaison office. That office will verify eligibility for all persons listed on the application. Upon receipt of the signed, verified application, the applicant, in uniform, together with the approved, listed dependents, may present the application to any of the following locations authorized to issue ID cards:

- National Naval Medical Center, Bethesda, Maryland, Main Bldg.
- Fort Belvoir, Virginia, Bldg. 1001, on Belvoir Road.
- Fort Myer, Virginia, Main Post, Bldg. 202.

*The ID card is a privilege granted to Attachés, their family members, and certain staff members. It is for the sole purpose of identification for medical assistance and base exchange, commissary and theater access in the Washington, DC area. It is not to be used for access to the Pentagon or to the military installations outside the Washington, DC area, or the escort of unauthorized personnel on military installations. Misuse of the privilege will result in temporary or permanent loss of the ID card for the individual and possibly family members.*

---

## **Exchange, Commissary, and Theater**

---

Personnel possessing an ID card are authorized to use the exchange, commissary, and motion picture facilities provided by the U.S. Armed Forces. The following are installations in the Washington, DC area which offer full facilities:

- Andrews AFB, Maryland
- Bolling AFB, Washington, DC
- Walter Reed Hospital, Washington, DC
- National Naval Medical Center Bethesda, Maryland
- Fort Meade, Maryland
- Fort McNair, Washington, DC
- Fort Myer, Arlington, Virginia
- Fort Belvoir, Virginia

## **Medical Care**

---

Foreign military members and their dependents (i.e. spouses and dependent children) who are in the U.S. under DoD sponsorship may be granted medical care subject to the availability of space and facilities. Normally, only personnel with U.S.-issued ID cards qualify for such medical care. The scope of benefits varies, depending on whether the military member is in the U.S. for training or regular duties, but usually includes “outpatient” medical care in DoD hospitals or clinics for the member and dependents. Personnel from countries that are in the North Atlantic Treaty Organization are also authorized “inpatient” medical care in DoD hospitals. Dental care is normally available only for military members. There is a charge for the care unless a special arrangement exists between the U.S. and the member’s country. “Inpatient” charges will vary based on the nature of the illness and care provided. Since the charge schedule is very complex, foreign military personnel seeking information on inpatient charges should see the Patient Affairs Officer at the nearest DoD hospital. Rates are adjusted on 1 October each year. Some health care services may not be available, such as cosmetic surgery and provision of devices such as hearing aids. DoD will not provide nor pay for civilian medical care.

Upon arrival in the U.S., the military member (and spouse) should visit the nearest DoD hospital or clinic and talk to the Patient Affairs Officer about the scope of care available, procedures for admittance, payment of bills, etc. In accordance with accepted international procedures, we expect that personnel posted to the U.S. will be in reasonably good health. A military member or dependent who is sent to the U.S. solely for the purpose of obtaining DoD health care will not be treated.

---

## **Clubs**

---

This area has several fine Officers’ Clubs which provide a variety of services to personnel stationed in Washington, DC. Club membership is a prerequisite for using club facilities; normally only holders of ID cards may apply for membership. Applications for membership usually may be made directly to one of the clubs.

In addition, two clubs offer honorary or temporary memberships. The Army and Navy (Town) Club ordinarily extends honorary memberships, upon request, to a limited number of foreign Attachés and Assistant Attachés for the duration of their tour of duty in Washington, DC. The club waives the initiation fee, but does require monthly dues in addition to house charges. The Army-Navy Country Club has a limited number of temporary memberships for any foreign military officers (not just certified Attachés) who are serving their country in an official capacity in the Washington, DC area. Full privileges, excluding sponsorship of new members, are extended to the officer and spouse. The club waives the initiation fee, but does require dues at a rate higher than residents. Applications are available from each club upon request.

---

## **Pentagon Parking**

---

Routine vehicular access to the Pentagon Mall and River parking areas is restricted. As part of the U.S. Government efforts to improve physical security of federal buildings and to ensure the availability of Mall and River Entrance parking spaces for authorized vehicles, guard booths and vehicular barriers are installed on the roadways leading to those areas. For visitors to gain vehicular access to those areas, which include spaces dedicated to diplomatic parking, the General Services Administration Protective Service Officers must have prior notification.

If visitor/vehicle access clearance to the Pentagon River/Mall entrances or Mall Annex diplomatic parking area is required as a direct result of a specific invitation, the activity or office extending the invitation or hosting the visitor is responsible for requesting the necessary clearance. Procedures for requesting Pentagon Diplomatic Visitor Parking are as follows:

- The foreign visitor shall contact the respective office being visited for parking arrangement.
- The office being visited shall contact their parking control office with the information below to obtain parking clearance for the diplomatic visitor(s):

### **VISIT DATE**

(Only call within 24 hours of visit)

### **NAME OF VISITOR**

(Only need one last name per vehicle)

### **VISITOR'S EMBASSY**

### **NAME OF PERSON BEING VISITED**

(Only need last name)

### **PHONE NUMBER OF OFFICE VISITED**

(Required if visitor needs to be contacted during visit)

### **PENTAGON ENTRANCE**

(Only Mall and River Drop Off or Mall Annex Parking)

### **TIME OF VISIT**

(Only good for +/-15 minutes from requested time)

### **LICENSE PLATE NUMBER**

(Include state registered if not Diplomatic Tags)

The parking control office will enter the parking clearance information in the clearance system.

NOTE: Diplomatic visitors are only allowed to be dropped off or picked up at the River or Mall Entrances. Parking only permitted at Mall Annex.

Parking requests for Defense Intelligence Agency elements located in the Pentagon may be arranged by contacting:

Defense Intelligence Agency  
Defense Foreign Liaison Division (PO-FL)  
(703) 614-3254

Parking requests for the service foreign liaison offices may be arranged by contacting:

For all Department of Army activities:

■ U.S. Army Directorate of Foreign Liaison  
(703) 695-4030/6197

For all Department of Navy activities:

■ U.S. Navy Foreign Liaison Office  
(703) 695-5333/5334

For all Department of Air Force activities:

■ U.S. Air Force Foreign Liaison Protocol Office  
(703) 695-2796

Requests for vehicle access clearance should be made one full duty day in advance of the anticipated arrival time. Last minute requests should be avoided.

Please note that vehicle clearance approval does not equate to a guaranteed parking place — clearance only guarantees access or entry to the River or Mall entrances for the purpose of dropping visitors off or picking visitors up.

You may wish to consider use of the commercial parking facility located at 700 Army-Navy Drive, Hayes Street Parking Lot, or the Washington Metropolitan Area Transit Authority (METRO). Access to Pentagon entrances at the concourse is available via both the subway system and numerous bus routes.

---

## **Courier Facility**

---

In order that routine diplomatic courier access not require recurring special access requests, a consolidated DoD diplomatic courier pick-up and delivery facility is available.

The Defense Courier Facility (DCF) is located at the Pentagon Remote Delivery Facility (RDF). Refer to map on page 48. The Courier Facility hours are from 1000-1100, Monday-Friday, except holidays. Please refer any questions or concerns to the Defense Foreign Liaison Division at (703) 614-3254.

### **Directions from North 395**

Take Memorial Bridge exit onto Route 27 (Washington Boulevard). Turn right into Pentagon Mall and River Entrance.

### **Directions from South 395**

Take South Parking exit onto South Rotary Road. Turn left onto Fern Street. Turn Left onto North Rotary Road. Bear right onto Route 7 (Washington Boulevard) by Heliport. Turn right into Pentagon Mall and River Entrance.

### **Directions to Enter Defense Courier Facility**

Upon entry to the Mall Entrance and clearance of vehicle by the Defense Protective Service (DPS) guard, proceed forward and park in one of the first three parking slots designated for couriers located on your right. If all slots are filled, park in the first bay of the loading dock near the walkway.

Follow the walkway through the DPS entrance and proceed to the DPS security station. The security guard will instruct the courier where to deposit mail items and to proceed through the metal detector. The security guard will screen all mail. Proceed to the DCF, turning right after the security station. The DCF is the last office located on the right, Room RDF 1J676B.

To exit the facility, return to the DPS security station and exit the Remote Delivery Facility area, proceed pass the loading dock to River Drive.

Embassies should contact addressees and inform them of items being delivered. All mail must be securely packaged and marked to prevent loss or damage.

Embassies are responsible for providing the Defense Foreign Liaison Office a current list of authorized couriers.

# Visit Procedures

The Department of Defense (DoD) divides all foreign visits into three categories:

**One-time Visit:** Contact by a foreign representative with a DoD Component or DoD contractor facility for a single short-term occasion (normally less than 30 days) for a specified purpose.

**Recurring Visit:** Intermittent visits by a foreign representative with a DoD Component or DoD contractor facility over a specified period of time for a government approved license, contract or agreement, or other program when the information to be released has been defined and approved for release in advance by the U.S. Government, subject to annual review and revalidation.

Recurring visit authorizations to DoD organizations may be granted to embassy personnel for the purpose of conducting specific business on a frequent basis.

**Extended Visit:** A single visit by a foreign national for an extended period of time. Extended visit authorizations are to be used when a foreign national is required to be in continuous contact with a DoD Component or a DoD contractor facility beyond 30 days, for one of the following situations:

1. A foreign government contract or joint program (e.g. joint venture, representative to a joint or multinational program, etc.);
2. Participation in an exchange program under the Defense Personnel Exchange Program;
3. Certification as a liaison officer to a DoD component(s).

Extended visit authorizations are valid for the duration of the program, assignment, or certification, subject to annual review and revalidation.

(NOTE: Some governments identify only two categories—one time visits (which include “short” and “long” term visits) and recurring visits. For DoD purposes, “long term” visits are extended visits).

---

## Visit Submission Procedures

---

All visit requests must be submitted using the format at the end of this section, in writing or through the automated Foreign Visit System (FVS). Embassies that are not serviced by the FVS must submit a written visit request. A number of embassies are linked by computer/modem to the DoD visit clearance offices through FVS. FVS provides an automated and quick means for foreign governments to submit and process visits. The Department of Defense’s goal is to have every Attaché office linked to FVS. If your embassy is not currently participating in FVS, contact the Security Policy Automation Network office at (703) 692-9011.

Instructions for completing the visit requests are included with the enclosed format. Pay particular attention to the section, “subject to be discussed”. This section must contain a valid and complete purpose or reason for the visit. Clearly identify the specific issues of interest to include program, contract, agreement, or system to be discussed. Include the identification number for the FMS case or program, as applicable; if not known, indicate so (if numbers are not available, the request could be delayed). Incomplete or vague requests cannot be processed and will be returned. Requests for a general orientation or tour of facilities,

without justification, will also be returned without action. Biographical information is required for visitors of general officer rank and civilians holding equivalent government appointments.

One time or recurring visit requests must be received by the appropriate visit clearance office at least 21 work days (30 calendar days) in advance of the date of the proposed visit. This lead time is necessary in order to provide ample planning time and meaningful, productive discussions in the offices to be visited. Visit requests that do not provide the required lead time are subject to being returned without action. Extended visit requests must be submitted at least 90 calendar days in advance of the proposed visit due to additional staffing requirements. Failure to meet this time requirement for extended visits could significantly delay final approval.

**Moratorium:** During the holiday period, DoD activities traditionally operate at reduced levels and leave is granted to a maximum number of personnel. The scheduling of visits which are not mission essential during this period should be avoided.

Beginning on the second Monday in December and running through the second Monday in January, visits will be accepted by the Foreign Visits System (FVS), but only processed by the Visits Clearance Office, if they are fully justified. To determine if a mission is justified, contact the Visits Clearance office for questions/clarification on this policy.

Requests for visits to occur after the moratorium may still be submitted during the moratorium period. However, to ensure timely processing, visit requests for January should be submitted in November.

Completed visit requests should be forwarded to the appropriate visit clearance office listed below.

***DIA Defense Foreign Liaison Division  
(DIA/PO-FL)***

Office of the Secretary of Defense, the Joint Staff, DoD agencies, DoD field activities, CINCLANT, CINCPAC, CENTCOM, SOCOM, SOUTHCOM, SACLANT, SPACECOM.

***Air Force Disclosure Implementation Division  
(SAF/IAD)***

All Air Force activities.

***Navy International Programs Office (IPO)***

All Navy and Marine Corps activities.

***Army Technology Transfer Division (DAMI-CIT)***

All Army activities, FORSCOM.

NOTE: Authority to approve visits has been delegated to certain local commanders, usually elements outside the continental United States. If it is not clear which visit clearance office or other element will process a specific visit, do not hesitate to contact one of above offices for guidance or check the appropriate service Attaché guide. Sending a request to the incorrect office can result in significant delays. **DO NOT SEND COPIES OF VISIT REQUESTS TO EVERY OFFICE. THIS CAUSES UNNECESSARY CONFUSION AND ADDITIONAL WORK.**

Amendments to visit requests are not authorized except for the changing of dates or names of visitors. If other information is to be changed, a new visit request must be submitted.

Upon approval of a visit, the appropriate visit clearance office will provide a visit point of contact. You may work directly with the designated point of contact on the specific administrative arrangements of the visit. The office or agency to be visited must be notified in advance of the date and hour of expected arrival so that appropriate arrangements for the meeting, access, escort, etc., may be made. This notification should be accomplished as soon as possible following the approval of the visit, or a minimum of 72 hours (excluding Saturdays, Sundays, and holidays) prior to the expected arrival date. The visitor's embassy is responsible for arranging itineraries, transportation, and billeting; the visitors are responsible for all associated expenses. The visitor's embassy must also arrange for an accompanying interpreter if the prospective visitor's English capability is inadequate.

Visitors are not authorized to request documentary information directly from a host. Such information

requests must be submitted through the appropriate embassy Attaché. The embassy Attaché office is responsible for ensuring that all visitors are aware of this restriction.

Commercial/contractor visits: Use the visit request format. Approval of commercial visits indicates that the visit is related to a valid government-to-government program, project, or agreement under the auspices of the Department of Defense. It is important to note that the host company retains the right to decline a visit. If a visit request is returned “without sponsorship,” this means the visit clearance office could not identify an existing program, project, or agreement to justify the visit. Absence of sponsorship does not mean disapproval, nor does it deny the visit. Rather, it represents an expression of “no objection;” the embassy must make its own arrangements to visit.

---

## Security Certification

---

When an official visit request is submitted, an embassy is certifying that the following conditions will be met with respect to the visitor and the information the visitor obtains during the visit:

- The visitor (or visitors) is authorized by the government of the requesting embassy to receive the information on behalf of that government.
- The information the visitor obtained during the visit will not be released or made known in any other manner to any other nation, or nationals thereof without the approval of the United States Government.
- The visitor and the Government represented will afford the information the same degree of security protection afforded to it by the United States Government.
- The information will be used for purposes specified in the visit request and for no other purpose.
- Dissemination will be limited to persons who require the information in the performance of their official duties.
- The rights of the individual or organization that originates or develops the information will be respected and protected in accordance with the patent laws of the country of the originator.

- Any known or suspected compromise or unauthorized transfer of the information received as a result of the visit will be promptly reported to the United States Government.

---

## Hosted Visits

---

On occasion, U.S. officials or organizations invite foreign representatives to visit their activities or to attend meetings/conferences. Embassies must provide to the appropriate DoD visit clearance office the name of the participant(s), their security clearances, the name and organization of the DoD official who extended the invitation, and, if possible, a copy of any written invitations. For the purpose of responding to an invitation, the foreign visit request format is to be used to pass names and clearances. All other pertinent information (U.S. point of contact, etc.) should also be included in the form. If these invitations do not involve formal, U.S. arranged itineraries, the visitor’s embassy is still responsible for making transportation/billeting arrangements.

---

## Liaison Officers

---

The Department of Defense defines “liaison officer” as a foreign government official, either a military or civilian employee, who is certified by his or her government to act as a representative of that government to a DoD component in connection with bilateral or multinational programs or projects. Liaison officers’ activities are limited to the representational responsibilities of their government described in the certification; they will not perform functions for the DoD component(s) to which they are certified.

To establish a liaison position and assign personnel, embassies must submit an extended visit request using the visit request format (this process replaces “functional accreditation”). This should be done 90 days in advance of a liaison officer’s assignment to provide enough time for complete coordination. Include in the Specific Subject/Justification block (Item # 7), the purpose, function, and full justification for the position (this represents an embassy’s

certification of a liaison officer assignment). Also include a statement in the Embassy Remarks block (Item #8) concerning whether the proposed liaison officer may assume custody of documentary information on behalf of the sponsoring government. Forward a biography. (NOTE: Any material (such as additional documentation or photographs) that are forwarded separately from the FVS system, should include the FVS visit request number.)

---

## Legal Status

---

Foreign liaison officers are serving as representatives of their governments and acting under the auspices of an extended visit authorization to a DoD activity. While in the U.S., liaison officers are subject to the jurisdiction of U.S. courts and U.S. laws, both state and federal, unless they are exempted by treaty, other specific authority, or have diplomatic immunity.

Acceptance of a foreign government liaison officer does not bestow diplomatic or other special privileges, although certified liaison officers who also have Attaché status may have diplomatic accreditation by the Department of State.

While assigned to a DoD installation, the liaison officer will comply with all DoD and local installation rules and regulations (i.e. parking, speeding, driving privileges, etc.). Failure to comply may result in termination of the liaison officer position. This does not preclude further disciplinary action IAW the applicable SOFA or other government-to-government agreements.

---

## Conditions

---

The request by a foreign government for a liaison officer extended visit authorization shall constitute acceptance of the following conditions:

■ **Costs:** All costs associated with the extended visit authorization are the responsibility of the requesting government (this includes but is not limited to travel, office space, clerical services, quarters, rations, medical and dental services)

unless specifically addressed in a Memorandum of Understanding, Letter of Agreement, or other agreement.

■ **Extensions and revalidations:** An embassy may request an extension or revalidation of a liaison officer position NLT 60 days prior to the expiration date of the extended visit authorization. Positions will be deleted as soon as the justification for the position is invalid (e.g. completion of project/program, etc.).

■ **Point of contact:** When the certification is accepted by DoD and an extended visit is authorized, a contact officer will be designated for the liaison officer. The liaison officer will coordinate visits/business through the contact officer.

■ **Visits to other facilities:** If a requirement exists to visit other activities, the liaison officer should talk with his/her contact officer to determine the need for a visit request. If a need for a visit request is determined, the liaison officer should make the visit request through his/her embassy

■ **Uniform Wear:** The liaison officer's national uniform must be worn when the officer is on duty. Liaison officers must comply with their parent service uniform regulations. The uniform for any occasion is that which most nearly conforms to the order of dress of the DoD component being visited.

---

## Exchange Personnel

---

Exchange personnel are military or civilian officials of a foreign defense establishment who are assigned to a DoD component in accordance with the terms of an exchange agreement and who perform duties for the DoD component. An exchange officer is fully integrated into the DoD component's work force. ***Exchange personnel, while assigned to a DoD component in an exchange capacity, will not act as a representative for their government.*** Before exchange personnel are assigned to offices in DoD, a memorandum of agreement or understanding must be completed.

To assign someone to an exchange position, embassies must submit an extended visit request using the visit request format. The Specific Subject/Justification

block (Item #7) must include complete information on the purpose, function, and full justification for the position (to include the agreement establishing the position). Forward a biography and any additional documentation (i.e. photograph). (NOTE: Some services require exchange officer documentation to be sent directly to specific service personnel offices. Contact the appropriate visit clearance office for instructions. Further, when using the FVS, materials being mailed separately from the FVS system should include the FVS visit number.)

■ **Extensions and revalidations:** An embassy may request an extension or revalidation of the exchange officer position not later than 60 days prior to the expiration date of the extended visit authorization.

■ **Point of contact:** When an exchange officer has been accepted by DoD and an extended visit authorization granted, a contact officer is identified for the exchange position. Questions concerning the position, the exchange officer's assignment, and requirements for visits to other activities may be directed to the contact officer.

# Installation Entry and Flight Line Access Procedures for Andrews Air Force Base

The 89th Airlift Wing Command Post (89 AW/CP) has been designated as the single focal point on Andrews Air Force Base to receive all information concerning a foreign visit. The point of contact for each visit will provide the information requested prior to any foreign aircraft arrival. Installation entry and flight line access procedures are mandatory for all foreign government visitors using Andrews Air Force Base during official visits.

The sponsor of a foreign visit must be identified along with a 24-hour point of contact to coordinate information. There are two types of foreign visits to the United States, those sponsored (invited by the US) and those self-invited (country sponsored).

**For U.S. Sponsored Foreign Visits:** The point of contact will be in the Department of State (State Department) or U.S. Department of Defense.

(1) Department of Defense points of contact:

(a) Defense Foreign Liaison Office, Defense Intelligence Agency.

(b) U.S. Army Deputy Chief of Staff for Intelligence, Foreign Liaison Office.

(c) U.S. Air Force Vice Chief of Staff, Foreign Liaison Division.

(d) Chief of Naval Operations, Intelligence, Foreign Liaison Division.

(e) Secretary of the Air Force, IADV.

(2) Department of State points of contact:

(a) Chief of Protocol

(b) Political Military Affairs Office (PM/ISP)

(c) Diplomatic Security, Protection, Protection Liaison Division (DSS/P/PL)

**For Foreign Government Sponsored Visits:** The point of contact will be the foreign Defense Attaché or his designated service Attaché (Military, Air Force, or Naval Attachés).

Information requested in **Attachment 1** must be completed and forwarded to the 89AW/CP (Commercial number (301) 981-5058, FAX: (301) 981-7671) no later than 72 hours prior to arrival. In the event the visit is unannounced, actions must be taken by the responsible point of contact to provide access lists as soon as possible after arrival.

The 89th Security Police Squadron, Deputy Chief of Security Police (SPD) has been designated as the Andrews Air Force Base point of contact to resolve any problems not covered by the established procedures. The SPD can be contacted 24 hours a day by the visitor's point of contact (301) 981-2001/(301) 981-4771). After duty hours, contact (301) 981-2001.

---

## Installation Entry Procedures

---

All foreign government visitors, employees of foreign embassies, and companies contracted to service foreign aircraft on Andrews Air Force Base, that desire access must be pre-announced by the point of contact for that visit (**Attachment 1**). The designated point of contact must fax all access lists to the 89AW/CP. Unforeseen entry requirements must be handled by the point of contact in the same manner. If problems do arise which need to be handled over the phone or in

person, the point of contact will be given names and phone numbers to individual units on Andrews Air Force Base so the point of contact may deal directly with them to resolve the problem (**Attachment 2**). If personnel associated with a visit arrive and are not on the lists provided by the point of contact, the concerned unit on Andrews Air Force Base will get in touch with the point of contact directly to verify the need for entry.

All foreign government visitors, employees of foreign embassies, and contractors (Aircraft catering/ servicing companies) will proceed to the **Main Gate** (Suitland and Allentown Roads). Those in possession of DoD Form 1173/1172 ID cards will be allowed to proceed, all others will adhere to the following procedures:

(a) Visitors will produce identification and state their destination and purpose on base.

(b) If the individual's name is on the provided access list, they will be authorized to proceed. If the individual's name is not on the visit access list, then the 24-hour point of contact for the visit will be contacted by the Security Police to verify the need for entry.

(c) If the visitors' destination is the flight line, they will be instructed to proceed to Base Operations to obtain a flight line pass (except persons such as Ambassadors or embassy staff meeting aircraft during the actual arrivals or departures).

All visitors will be required to use the most direct route to and from their visit location.

All foreign visitors not in possession of a DoD Form 1173/1172 ID Card will be required to provide the following information through their respective Defense Attaché to the appropriate U.S. Military Foreign Liaison Office (FLO). The FLO will then pass the required information to the 89AW/CP (Command Post) at FAX: (301) 981-7671.

- (2) Passport Number

- (3) Type of vehicle and tag number
- (4) Number of personnel in party

## **Procedures for Access to the Flight Line (Controlled Area)**

---

(a) All foreign government visitors (except persons such as Ambassadors or embassy staff meeting aircraft during the actual arrivals or departures), employees of foreign embassies, and contractors (aircraft catering/servicing companies hired to service a foreign aircraft) needing access to the flight line will proceed to Base Operations after processing through the Main Gate.

(b) Visitors will produce identification and relay their destination and purpose.

(c) Base Operations personnel will verify the names on the access lists provided by the responsible point of contact.

(d) Persons whose names do not appear on these lists will be denied entry to the flight line until Base Operations personnel verify the individuals' need and authorization to enter with the responsible 24 hour point of contact.

(e) After visitors' names are verified, they will be issued a flight line vehicle pass by Base Operations with explicit instructions on how to drive to and from their aircraft. The visitor will return the pass to Base Operations when departing the flight line or upon expiration of the pass.

(f) The only entry and exit point to the flight line will be at Base Operations unless cargo deliveries are involved. In the event the gate at Base Operations is closed, personnel will contact the Protocol Office (located in the DV lounge in Base Operations) at extension (301) 981-2100.

---

## **Compliance with Access Procedures**

---

(a) Compliance with the above procedures is mandatory. Following these procedures will expedite foreign government visitors onto the installation. Noncompliance will result in delays.

(b) All violations of flight line access procedures will be dealt with as follows:

(1) Visitors entering the flight line without processing through Base Operations will be detained and reported to the Security Police. The Security

Police will escort visitors from the flight line to Base Operations.

(2) Information concerning the violation will be forwarded to the 24-hour point of contact responsible for the visit, who will direct it to the appropriate official to ensure compliance with the procedures.

(3) If the individual(s) appear on an access list, the determination will be made by the point of contact and involved agencies to allow further access to the flight line, depending on the situation.

Requests must be submitted to DIA via the Security Policy Automation Network (SPAN), under "Disclosure (FORDTIS)." FORDTIS is the automated version for information/document requests.

**DEFENSE ATTACHÉS' ASSOCIATION**

Fellow Members of the Corps of Defense Attachés

On behalf of the members of the Defense Attachés Association, I wish to extend you an invitation to become a member of the Association. Association membership is open to all accredited members of the Corps of Defense Attaché, including Defense Attachés, Assistant Defense Attachés, Defense Cooperation Attachés, Assistant Defense Cooperation Attachés and Civilian Defense Cooperation Representatives.

The Defense Attachés Association was formed on 1 March 1989 to provide a representative body for the Attachés who are accredited to the Department of Defense. Although it is much younger than the equivalent associations of the Navy, Army and Air Force, it does have the distinction of having as its members the most senior military officers from the countries represented with military Attachés here in Washington.

The Association provides a forum for social events as well as being the focus for arranging activities and presentations on behalf of the Corps of Defense Attachés. We aim to have two luncheons per year as well as our annual dinner dance. The association works closely with the Defense Intelligence Agency's Defense Foreign Liaison Office in coordinating activities involving members of the Corps of Defense Attachés.

A membership form is enclosed along with more information on the Association. If the members of the Committee can be of any assistance, please do not hesitate to call us at the telephone numbers shown on our letterhead.

With Best Regards,

Peter Goebel  
Brigadier General  
Defense Attaché, Embassy of Germany

Welcome to the United States! Your posting to Washington, D.C. to represent your defense forces to the Department of Defense will be challenging and interesting. We in the Defense Foreign Liaison are here to support you in what we all hope will be mutually beneficial efforts. As the designated representative of the Secretary of Defense, Chairman of the Joint Chiefs of Staff, Director of the Defense Intelligence Agency, the Unified Commands, and all Defense Agencies, our aim is to ensure that you enjoy a rewarding tour of duty, both professionally and personally.

**Peggy**

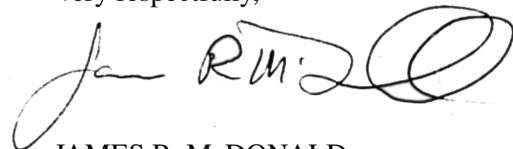

This guide for Defense Attaches is provided to assist you with the Department of Defense procedures. I hope you find it useful. Reference to its contents will make our job, and ours, much easier. When you have questions, or need assistance, you should contact your country officer in the Defense Foreign Liaison Division, or call me directly.

You are encouraged to join the Defense Attache Association early in your tour and assist the Association's Dean and Vice Chairman in their efforts to build a strong Association to best represent your collective interests.

Again, welcome aboard. My wife, Peggy and I look forward to seeing you at receptions, upcoming Policy Luncheons, our Operational

Orientation Program trips and other informative and enjoyable events.

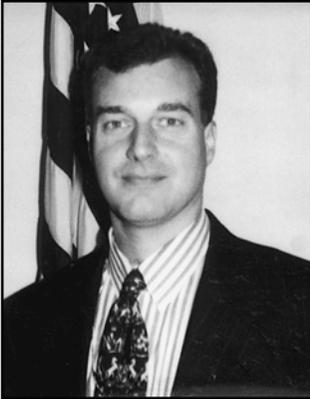

Very respectfully,

JAMES R. McDONALD
