MEMORANDUM FOR SEE DISTRIBUTION LIST

FROM: SAF/IAPX
1080 Air Force Pentagon
Washington, DC 20330-1080

SUBJECT: Transportation Look-Up Table FY01 Rates (IAX 01005)

The Air Force Annex for the FY 01 Transportation Look-Up Table is provided for your information and appropriate action (attachment 1). The revised rates will be published as an interim change to the SAMM, Appendix F, Table 3. The complete table that lists all the Services' Annex is located at the DSCA web site, www.dsca.osd.mil.

Since the rates are being published after the start of the fiscal year, LOAs that may be impacted by the new rates will require an adjustment to the transportation costs. DFAS-AW/DE will rerun the performance data on those LOAs that may be affected by the new rates. Once the data is provided to the Air Force, SAF/IAPX will notify AFSAC with a listing of those cases that require an adjustment. These adjustments, if applicable, should be accomplished on the next routine modification/amendment.

The decision on whether to use actual transportation costs in lieu of calculated estimated costs has been postponed until a process team is formed to review how such costs can be captured and properly reported to DFAS. This study could be fairly long; in the interim, DSCA will sponsor a meeting with the MILDEPS during 3rd quarter of this fiscal year to discuss a more standardized approach for developing the rates for FY02. Point of contact is Sheilah Boyd, SAF/IAPX, DSN 425-8366, e-mail sheilah.boyd@pentagon.af.mil.

SUBJECT: Transportation Look Up Table -Fiscal Year (FY) 01 Rates (DSCA 01-03)

Attached, please find the calculated estimated actual FY01 transportation costs that are to be applied to sensitive and hazardous end items that are shipped in the Defense Transportation System. These FY01 revised rates will be published as interim changes to the Security Assistance Management Manual, Appendix F, Table F-3. DSCA recognizes that because the FY01 rates are being received after the start of the FY, it will be necessary for DFAS-AW/DE to rerun the performance for those LOAs that are impacted by the transportation look up FY01 rates. This may have an impact for some LOAs, therefore, the proper associated transportation related costs should be recouped on the next routinely issued modification/amendment.

The decision on whether to use actual transportation costs in lieu of calculated estimated costs has been postponed until a process team is formed to review how such costs can be captured and properly reported to the Defense Finance Accounting Service. This study could prove to be fairly lengthy and detailed before any such changes are actually implemented. In the interim, DSCA plans to conduct a meeting with all Military Departments during 3rd quarter this FY to discuss a more consistent approach for developing the rates for the upcoming FY.

The DSCA point of contact is Ms. Vanessa Glascoe who can be reached at (703) 601-3744 or email: vanessa.glascoe@osd.pentagon.mil.
