

DEPARTMENT OF THE AIR FORCE
WASHINGTON, DC

OFFICE OF THE UNDER SECRETARY

MEMORANDUM FOR AFSAC/IA
ACC/DOTS

FROM: SAF/IAPX
1080 Air Force, Pentagon
Washington, DC 20330-1080

SUBJECT: Requirement for the Manpower and Travel Data Sheet (MTDS) for Specific
FMS Cases (IAPX 01-01023)

An MTDS is not required for Technical Coordination Group (TCG), International Engine Management Group (IEMG), Contractor Engineering and Technical Support (CETS), or Electronic Combat International Security Assistance Program (ECISAP) Foreign Military Sales (FMS) Letter of Offer and Acceptance (LOA) documents.

DSCA does require a statement in the DSCA Memorandum Cover Sheet specifying the computation relative to that country's pro-rated membership cost used to determine the LOA value. All other existing policy and guidance must be followed to obtain timely countersignature by DSCA.

By 31 Dec 2001, DSCA will issue a Frequently Asked Question (FAQ) sheet summarizing policy such as that stated herein as regards the requirements for an MTDS. This memorandum serves as your immediate authority not to provide an MTDS for TCG, IEMP, CETS, and ECISAP LOA documents.

This is a coordinated IAPX and DSCA response. Should you have any questions please contact Ms. Sonja Patch, DSN 425-8961, email: Sonja.Patch@pentagon.af.mil.
