

DEPARTMENT OF THE AIR FORCE

WASHINGTON, DC 20330-1080

Office Of The Under Secretary

8 January 2002

MEMORANDUM FOR SEE DISTRIBUTION

FROM: Department of the Air Force
Washington, DC 20330-1080

SUBJECT: Updated Enhanced Accelerated Case Closure (EACC) and Force Case Closure Listing **(SAF/IAPX 01035)**

DSCA has provided an updated EACC and Force Case Closure listing for action. Please take note of the following actions to ensure the Air Force is in compliance with DSCA's procedures:

- a. Review and focus on attached 31 Dec 01 list for cases that are still open and closure certificates have not been sent to DFAS-Denver. In mid-January DFAS will be force closing in DIFS for all cases on this list, unless they have an undercollection issue. DSCA strongly urges that you electronically forward these certificates to DFAS as soon as possible.
- b. Review attached 31 Dec 01/Part II listing as some of these cases will soon be added to Part I unless DSCA is contacted with a reason not to transfer.
- c. Review 31 Dec 01/Part I listing for a preview of cases that will be added to the Mar 01 Forced Closed Listing.

If you need additional information, please contact Colleen Henson, SAF/IAPX, (703) 588-8975, Fax (703) 588-8898 or e-mail me at colleen.henson@pentagon.af.mil.

NOTES FOR EACC AND FORCE CLOSURE LISTS

Force Closure Lists

- As far as I'm concerned, the only active force closure lists are those for 30 Jun 01 and 31 Dec 01. Regarding the 30 Jun 01 list, there are only two cases still open: SR-B-AAW and UY-D-SEA, both of which are open solely because they are undercollected.
- Regarding the 31 Dec 01 list, note that I approved the force closure deferral for two cases (AT-D-DBE and EG-B-UAI).
- **MILDEPs:** Attention needs to focus on the nine cases on the 31 Dec list that are still open and for which the closure certificates have not made it to DFAS. In mid-January, DFAS will be force closing in DIFS all cases on this list that are still open (unless they have an undercollection issue). You are strongly encouraged to submit electronically the closure certificates to avoid problems later in reconciling systems.

EACC Lists for Sep and Dec 01

- 30 Sep 01 list: updated status provided.
- 31 Dec 01/Part 1 list: updated status provided. Please note that this list incorporates all adjustments based on requests I've received and approved.
- 31 Dec 01/Part 2 list: several cases were added to this list based on recent requests/approvals. As you can see, this list is getting to be a bit lengthy. Please review all cases on the Part 2 list – it appears that several of them may be soon eligible for transfer to Part 1. Silent concurrence is assumed, i.e., I will move them back to Part 1 (if it's time as shown in the Remarks column) unless I hear otherwise from you.
- Note that many cases for **Saudi Arabia, Japan and Australia** have undercollection issues; I ask that the DSCA CFD and DFAS accountants work with your country representatives to get these final payments in so that we can close these cases. (For Japan, I won't hold my breath.)

EACC List for Mar 02

As we discussed during our closure reviews, the cases targeted for closure by 31 Mar 02 will serve as the official DSCA Mar 02 EACC list. No other new cases will be added. However, please note that ***there will be a Mar 02 force closure list***. To get a sneak preview of those, you should refer to the Dec 01 Part 1 list -- all cases with a date of "Mar-01" or earlier in the "Case has been on EACC listing since" column will appear on the Mar 02 force closure list.

FMR Minutes

For DSCA CFDs: please provide me with excerpts from recent FMRs you have held that address specific cases desired for closure by the purchaser. Although the Mar 02 EACC list is locked in, and the Jun 02 EACC list is filling up fast (also based on the closure reviews), I may have some room to accommodate as much of the FMR input as possible. Thanks.

That's about all I have for now. Thanks very much for your continued assistance.

David
