MEMORANDUM FOR AFSAC/FM/IA

FROM: SAF/IAPX  
1080 Air Force, Pentagon  
Washington, DC 20330-1080

SUBJECT: AFSAC Delivery Adjustments (SAF/IAX memorandum of 2 November 1998)  
**(SAF/IAPX 03026)**

Subject SAF/IAX memo referred to adjustments that were required to align CMCS and DIFS deliveries/expenditures as “plugs” or “plug-its”. Effective immediately this term should be referred to as a “delivery adjustment/DELADJ” for all intents and purposes.

It is also requested that AFSAC/FMO re-brief the Netherlands on the exact procedures for these delivery adjustments as soon as possible. A detailed explanation is required to alleviate the Netherland’s concerns on this process. Therefore, request AFSAC/FMO provide SAF/IAPX with a copy of briefing materials and a proposed schedule for briefing the country by 1 July 2003. SAF/IAPX POC is Colleen Henson, please contact her at 703-588-8975 or e-mail [colleen.henson@pentagon.af.mil](mailto:colleen.henson@pentagon.af.mil).
